### ISSF Participating Company Compliance

#### Audit Checklist

Version 2021/1

## SAPMER

The following information is based on data provided by the company; it has been independently audited for completeness and accuracy (Pursuant to stated ISSF guidelines):

### Final Compliance Report (as of 14<sup>th</sup> March 2022, for activities from Q4 2020 to Q3 2021)

de Chomeneau Adrien / CEO (Name/Title) of SAPMER, acknowledge receipt of this final compliance report, and have taken notice of any potential non-conformances contained within.

Signature<sup>1</sup>:

A handwritten signature in blue ink, appearing to read 'de Chomeneau Adrien', written over a horizontal blue line.

Date: 15 March 2022

---

<sup>1</sup> Please note that ISSF mandates that the head of your company sign the Final draft of this report.

## General Audit Information

Company Name	SAPMER	
Affiliated Company Names	Tuna Fishing Company (TFC), Indian Ocean Ship Management Services (IOSMS)	
Company Address	Freeport Zone 8 - Quay D Road, Port-Louis, Mauritius Tel: <a href="tel:+2304059700">+230 405 9700</a>	
Contact Information (Name, Phone, Email)	Laurent Pinault <a href="mailto:lpinault@sapmer.com">lpinault@sapmer.com</a>	
Auditor Name(s)	Patricia Bianchi Jonah van Beijnen Oleg Martens	Erin Hrastar Jason Anderson
Audit Start Date	<b>11 October 2021</b>	
Audit End Date	<b>Preliminary audit results issued: Week of 24 January 2022</b> <b>Final audit results issued: Week of 14 March 2022</b>	
Time zone(s) for coordinating remote audit conference call	Réunion / Mauritius	
Language requirements for remote audit conference call	English/French

Audit purpose	
<b>Audit objective</b>	The purpose of this audit is to validate participating company compliance with all ISSF conservation measures in place for the year of activity being audited.
<b>Audit criteria</b>	The PC compliance audits cover all conservation measures as defined in the ISSF Participating Company Compliance: Audit Policy Document and Standard Operating Procedures, Version 2020/1.
<b>Audit outcomes</b>	The auditing serves as an assessment of conformance by PCs. Any significant gaps in conformance and where corrective actions may be necessary will be specified. Timelines for remediation will be prescribed by MRAG in the audit report, however any sanctions or other actions will be at the discretion of ISSF. Depending on the nature of the non-conformance and the required corrective action, a follow up audit may be required.
<b>Purpose of this document</b>	All auditors will follow this checklist for conducting ISSF PC Compliance audits. The completed and approved copy of this checklist will serve as the audit report for each participating company.
<b>Other relevant documentation</b>	ISSF Participating Company Compliance: Audit Policy Document and Standard Operating Procedures, Version 2020/1.

Conformance with ISSF Commitments	
<b>Non-conformances</b>	Non-conformances must be raised against specific ISSF conservation measures. The severity of the non-conformance – and whether this jeopardizes the integrity of the ISSF program – determines which non-conformances are raised.
<b>Grading</b>	MRAG Americas defines audit findings as follows: <ul style="list-style-type: none"> <li>· Conformance (Ok) - the PC can provide evidence of compliance with a conservation measure</li> <li>· Observations - the PC is currently in compliance but there is a high risk that non-conformance could occur inadvertently without implementing preventative actions</li> <li>· Minor Non-conformance – the PC does not comply with a conservation measure, but this does not compromise the integrity of the ISSF initiatives</li> <li>· Major Non-conformance – the PC does not comply with a conservation measure, and this compromises the integrity of the ISSF initiatives</li> </ul>

<b>MRAG Americas' procedures</b>	<p>MRAG Americas' procedures for handling non-conformances for PCs are as follows:</p> <ul style="list-style-type: none"> <li>· MRAG Americas substantiates conformance through documented evidence.</li> <li>· Where a company cannot provide documented evidence of conformance with a conservation measure, a non-conformance must be issued.</li> <li>· All non-conformances must be graded either major or minor.</li> <li>· In the case of a non-conformance, ISSF may require a Corrective Action Response (CAR). The corrective actions must be in place and evidence of addressing the condition must be supplied to MRAG or ISSF within an agreed timescale or a follow up audit may be required.</li> </ul>
<b>Corrective Action Responses (CARs)</b>	<p>To rectify non-conformances, the PC may be given the opportunity to provide a CAR. The nature of the CAR is at the discretion of the PC. MRAG Americas does not advise on what specific corrective action the PC may take but will assess whether the CAR is expected to address the non-conformance. MRAG Americas will also not provide advice with respect to any sanction that might be applied to a PC resulting from identified non-conformances. Such action will be at the discretion of the ISSF.</p>

**Table 1: Conservation Measures and Conformance Levels**

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
1.1	Tuna RFMO Authorized Vessel Record	<p>All purchases must be from vessels listed on the authorized vessel record of the RFMO governing the ocean area in which the tuna was caught, at the time of the fishing trip, so long as the vessel is of a size subject to listing in the RFMO authorized vessel record.</p> <p>For any purchases from non-PVR vessels, maintain a system to check and approve vessel listing. If company sources from vessels not registered with an RFMO, it must provide audit team with supporting evidence (such as National vessel registries, copies of vessel licenses, etc.) to demonstrate effectiveness of procurement screening system.</p>	All	<p>Auditor reviews company system to ensure that purchases are from properly listed vessels. If company sources from vessels not registered with an RFMO, auditor reviews additional evidence that vessel was exempt from RFMO listing and legally authorized to fish during the audit period.</p> <p>The traceability exercises, reviewing RFMO vessel records and checking ocean areas where vessels are fishing, verifies the system.</p>	Ok	<p>Company only sources from its fleet of vessels, all of which are registered with the relevant RFMO.</p> <p>All selected vessels that are part of the traceability exercise are properly listed in RFMO authorized vessel records.</p>	
1.2	RFMO Participation	All purchases must be from vessels flagged to a member or	All	Auditor reviews quarterly data sent by	Ok	All vessels listed in the quarterly reports are	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		cooperating non-member (CNM) of the relevant RFMO or have applied with the RFMO for either status. If membership is not possible under the RFMO Convention, processors, traders, importers, transporters, marketers, and others involved in the seafood industry shall conduct transactions only with those vessels that are flagged to Invited Experts, or another approved designation, to any such RFMO.		the company to the RFMO to check that all vessels meet this requirement.		flagged to an RFMO member state.  All vessels that are part of the traceability exercise are properly flagged and are a member or cooperating non-member of RFMO relevant to fishing area.	
2.1	Product Traceability	Demonstrate ability to trace products from can code or sales invoice to vessel and trip.	All	Auditor will review recent mock recalls, if available, and select a sample (i.e., all sales for a specific month) of can codes or sales invoices by label and destination from which the company will conduct traceability exercises. If the company produces cans from loins, or sells loins as a finished good, these products must be included in the assessment and the traceability exercise will cover a 3-month period.	Ok	The company has a suitable traceability system in place that allows all product codes and produced volumes to be traced through all stages of the supply chain back to the vessel and vessel trip.	
2.2	Quarterly Data Submission to RFMO	a. Send information for all round fish purchases (skipjack, albacore, yellowfin, bigeye), as described in the measure, to RFMO scientific bodies for each quarter by the last day of the following calendar quarter.  b. <a href="#">As described by ISSF</a> , for each quarter, Participating Companies are required to report (no later than the last day of the following	All	Auditor checks that the required reporting format has been used and that information has been sent on time by companies to RFMO for all purchases.  If applicable, auditor checks if PC has notified the relevant RFMO(s)	Ok	All RFMO data was submitted to the relevant RFMOs using the proper format and in accordance with the CM timeline requirements.  The auditor was able to locate all vessels and corresponding trips from direct whole round	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>calendar quarter) if they have no purchase of round fish (in total or from a typical RFMO region).</p> <p>c. A Participating Company that only purchases loins and finished goods from other ISSF participating companies is exempt from sending RFMO data. However, the company must affirm quarterly via an unprompted email to <a href="mailto:rfmodata@iss-foundation.org">rfmodata@iss-foundation.org</a></p> <p>This measure requires a specific reporting format (available <a href="#">here</a>) be used for all RFMO submissions.</p>		<p>that company did not purchase any round fish for a specific quarter.</p> <p>If applicable, auditor checks that quarterly emails have been sent to <a href="mailto:rfmodata@iss-foundation.org">rfmodata@iss-foundation.org</a> when company only purchases loins and/or finished goods.</p>		<p>purchases identified in the traceability exercise in the submitted RFMO reports.</p>	
2.3	Product Labelling by Species and Area of Capture	<p>Processors, traders, importers, transporters, marketers and others involved in the seafood industry shall on all product labeling, or through a publicly available web-based system by product, for all branded tuna products:</p> <p>1. Identify the species of tuna contained in the product. For example:</p> <p>Katsuwonus pelamis, Skipjack, Bonite, Listado</p> <p>Thunnus alalunga, Albacore, Germon, Atún blanco</p> <p>Thunnus albacares, Yellowfin, Thon Jaune, Rabil</p> <p>Thunnus obesus, Bigeye, Thon Obese, Patudo</p> <p>2. Identify the ocean of capture for the tuna contained in the product. If mentioning FAO area, the following format should be</p>	All	<p>Auditor obtains list of consumer-facing branded products, and checks that said list includes information on the species of tuna (scientific name and/or common name), and ocean of capture.</p> <p>Auditor may also verify conformance with this CM during the annual traceability exercise.</p>	Ok	<p>Company provided list of all product types to auditor. Several codes were selected at random, for which Company provided evidence of species name and area of capture appearing on packaging.</p>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>used:</p> <p>Area 18 (Arctic Sea)  Area 21 (Atlantic, Northwest)  Area 27 (Atlantic, Northeast)  Area 31 (Atlantic, Western Central)  Area 34 (Atlantic, Eastern Central)  Area 37 (Mediterranean &amp; Black Sea)  Area 41 (Atlantic, Southwest)  Area 47 (Atlantic, Southeast)  Area 48 (Atlantic, Antarctic)  Area 51 (Indian Ocean, Western)  Area 57 (Indian Ocean, Eastern)  Area 58 (Indian Ocean, Antarctic &amp; Southern)  Area 61 (Pacific, Northwest)  Area 67 (Pacific, Northeast)  Area 71 (Pacific, Western Central)  Area 77 (Pacific, Eastern Central)  Area 81 (Pacific, Southwest)  Area 87 (Pacific, Southeast)  Area 88 (Pacific, Antarctic)</p>					
2.4	Supply Chain Transparency, Audit, Reporting and Purchase Requirements	<p>ISSF Participating Companies will be exempt from compliance with this measure until December 31, 2022, if they publish by January 31, 2020, and annually thereafter:</p> <p>(a) the percentage of their purchases (measured in round ton equivalents) for each of the following Fishery Source categories:</p> <ol style="list-style-type: none"> <li>1. MSC-certified fisheries eligible to use the MSC label.</li> <li>2. Comprehensive FIPs<sup>2</sup> that are publicly listed and scoring A, B or C in their initial listing.</li> <li>3. Comprehensive FIPs that are publicly listed and scoring D or E.</li> <li>4. Fisheries that have entered full assessment for MSC certification but are not in a comprehensive FIP that is publicly listed.</li> <li>5. None of the above.</li> </ol>	All	<p>Auditor reviews Participating Company's public website, as well evidence provided by the Company, to determine whether the percentage of their purchases for the audit year was reported for each of the Fishery Source and each of the Supplier Source categories.</p> <p>Auditor reviews FisheryProgress.org FIP listing for classification information (Comprehensive and scoring).</p> <p>Auditor will assess the reasonableness of the reported percentages on the basis of data provided by the Company, including</p>	N/A	This measure does not apply to company as it only sources from vessels in its fleet.	

<sup>2</sup> ISSF Participating Companies that source from a fishery that had been in a publicly listed comprehensive FIP in the past 12 months, may continue to count this sourcing against their FIP percentage under 3(a)(2) and (3).

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>(b) the percentage of their purchases (measured in round ton equivalents) for each of the following Supplier Source categories:</p> <ol style="list-style-type: none"> <li>1. ISSF participating companies</li> <li>2. Data Check Companies</li> <li>3. Direct from vessels</li> <li>4. None of the above</li> </ol> <p>(c) a statement of intent to decrease purchases from the “none of the above” categories in 3(a) and (b) above.</p>		<p>source of product, a breakdown of round fish, loins and processed goods, and associated conversion factors used to estimate round fish equivalent.</p> <p>The auditor will also check that there is a statement of intent published on the Company’s website as described in the guidance.</p>			
3.1(a)	Shark-Fin角度 Policy	Company establishes and publishes policy prohibiting shark finning and requiring sharks be landed with fins naturally attached if retained. <sup>3</sup>	All	Auditor reviews company website for published policy. In the event the company does not maintain a website, auditor obtains copy of policy from company point of contact. The company should also clarify how this policy is made public. Auditor reviews policy to determine if it requires sharks to be landed with fins naturally attached if retained.	Ok	Auditor reviewed company’s policy, which meets CM requirements: <a href="https://www.sapmer.fr/wp-content/uploads/2015/12/SAPMER-SHARK-PROTECTION-POLICY.pdf">https://www.sapmer.fr/wp-content/uploads/2015/12/SAPMER-SHARK-PROTECTION-POLICY.pdf</a>	
3.1(b)	Prohibition of Transactions with Shark-Fin角度 Vessels	Refrain from transactions with vessels that have shark finned, and/or do not land sharks with fins naturally attached if retained, <sup>3</sup> within two years of the product purchase date (as found by RFMO or competent national authority).	All	Auditor reviews company system for ensuring no transactions with vessels that practice shark finning and/or do not land all sharks with fins naturally attached if retained.	Ok	All vessels listed on the quarterly RFMO reports are registered on the PVR with a green check for this CM. None of the selected vessels that are part of the traceability exercise have been associated with shark finning.	

<sup>3</sup> This section of the measure becomes effective on 31 December 2022.

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
3.1(c)	Prohibition of Transactions with Companies without a Public Policy Prohibiting Shark Finning	No transactions with companies that do not have a public policy prohibiting shark finning and requiring sharks be landed with fins naturally attached if retained. If transactions involve flag states that absolutely prohibit shark finning and require sharks be landed with fins naturally attached if retained, <sup>3</sup> no policy is required. If flag state allows 5% shark fin retention, and/or does not require that sharks be landed with fins naturally attached if retained, the company must have a public policy.	All	<p>Auditor reviews company procedure for ensuring that all tuna purchases have come from a company that has a public policy prohibiting shark finning and which requires that sharks be landed with fins naturally attached if retained. For flag states that do have an absolute shark finning prohibition and require that sharks be landed with fins naturally attached when retained, auditor will review all publicly available material to ensure no shark finning has taken place.</p> <p>Traceability exercises by transaction or can code to PVR vessels or proof of compliance verifies the system.</p>	N/A	Company sources round fish from its own fleet and thus qualifies under CM 3.1(a).	
3.2	Large-Scale Pelagic Driftnets Prohibition	No transactions in vessels using large-scale pelagic driftnets, regardless of the geographic area in which the tunas were caught by such driftnets.	All	<p>Auditor reviews quarterly report by gear type and identifies any use of large-scale driftnets. This is done by first identifying vessels using gill nets, then following up on the size of the net. Maximum net size is 2.5 km.</p>	Ok	No large-scale pelagic driftnet use associated with vessels was found in the quarterly RFMO reports.	
				<p>MRAG reviews RFMO compliance committee reports, as well as Government reports</p>	Ok	No use of large-scale driftnet was identified in RFMO compliance committee reports.	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
				(e.g., for those vessels that only operate within their EEZ), for any indication of vessels using large-scale pelagic driftnets.		None of the selected vessels that are part of the traceability exercise have been associated with the use of drift nets or gill nets.	
3.3	Full Retention of Tunas	All purse seine caught tuna (skipjack, yellowfin and bigeye) is retained onboard, except those unfit for human consumption as defined, or when in the final set of a trip, where there is insufficient well space to accommodate all fish caught in that set. If the vessel fishes in areas where full retention is mandatory, no further policy is needed. If RFMO does not require full retention, vessel must have documented and implemented policy in accordance with this conservation measure.	All Purse Seine	Auditor reviews whether the company sources tuna from vessels that practice full retention of tunas. Auditor checks PVR. For vessels not listed on the PVR, company provides evidence of vessel policy such as: agreement with observer provider to check tuna retention and RFMO or flag state requirement regarding full retention of tunas. RFMO compliance reports are reviewed to identify any vessels/trips that may not comply.	Ok	All vessels listed on the quarterly RFMO reports are registered on the PVR with a green check for this CM.  All selected purse seine vessels that are part of the traceability exercise retain their tuna as per PVR records and/or captain's statements.	
3.4	Skipper Best Practices	Unless exempt per Conservation Measure 8.1, skipper <sup>4</sup> has:  (a) Attended and in-person and/or online ISSF Skippers Workshop; or  (b) Attended an in-person Skippers Workshop provided by a purse seine tuna FIP and conducted by a trainer that has been accredited by ISSF to conduct these workshops; or	All Purse Seine	Auditor reviews whether the company has purchased tuna only from vessels with skippers that have completed one of the four ISSF best practices education formats.  Auditor checks PVR and ISSF list of individuals who have:  (i) Attended Skippers	Ok	All vessels listed on the quarterly RFMO reports are registered on the PVR with a green check for this CM.  All skippers of the selected purse seine vessels that are part of the traceability exercise read the ISSF guidebook as per PVR records.	

<sup>4</sup> The intent of this conservation measure is that the person or persons trained are those in leadership roles onboard the vessel directing the fishing operations.

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>(c) Viewed the ISSF Skippers Workshop video online; or</p> <p>(d) Reviewed the online ISSF Skippers Guidebook.</p>		<p>Workshops (in-person or virtual)</p> <p>(ii) Certified that they read the online Skippers Guidebook; or viewed the online Skippers Workshop video.</p> <p>PC may also provide evidence of skipper workshop completion or review of the ISSF guidebook/video, including list of skippers, method of review and dates of completion.</p>			
3.5	Transactions with Vessels that use Only Non-Entangling FADs	<p>Processors, traders, importers, transporters, marketers and others involved in the seafood industry shall conduct transactions only with those purse seine vessels whose owners have a public policy regarding the use of only non-entangling (NE) FADs. The policy should refer to the <a href="#">ISSF Guide for Non-Entangling FADs</a> and shall apply to all new FAD deployments, regardless of the type of vessel that deploys the FADs.</p> <p>For the purposes of this measure a policy is “public” if it is published on the company’s website or is otherwise available to the general public.</p> <p>For purposes of this measure, NE FADs should meet the minimum specifications in the <a href="#">ISSF Guide for Non-Entangling FADs</a>. Vessel owners shall not deploy FADs that</p>	All Purse Seine and Support Vessels	Auditor reviews evidence showing that the company conducts transactions only with purse seine vessels that have a public policy regarding the use of only non-entangling FADs. Auditor reviews whether RFMO/flag state or fleet association has an in-effect mandatory requirement for NE FADs, which equals or surpasses ISSF guidelines for NE FADs.	Ok	<p>All vessels listed on the quarterly RFMO reports are registered on the PVR with a green check for this CM.</p> <p>Company provided copy of its policy:  <a href="https://www.sapmer.fr/wp-content/uploads/2015/12/SAPMER-non-entangling-fad-policy-3.pdf">https://www.sapmer.fr/wp-content/uploads/2015/12/SAPMER-non-entangling-fad-policy-3.pdf</a></p> <p>All selected suppliers that are part of the traceability exercise have a Non-Entangling FAD policy in place as per PVR records.</p>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>meet the description of "highest entanglement" contained in the ISSF Guide.</p> <p>If RFMO/flag state where vessel(s) operate has an in-effect mandatory requirement for NE FADs, which equals or surpasses the <a href="#">ISSF guidelines for NE FADs</a>, then vessel owner is not required to have an individual public policy.</p> <p>If the vessel is a member of a fleet association that has a public policy on NE FADs, which equals or surpasses the <a href="#">ISSF guidelines for NE FADs</a>, the individual vessel must have a policy implementing the fleet association policy.</p>					
3.6	Transactions with Vessels Implementing Best Practices for Sharks, Sea Turtles and Seabirds. <sup>5</sup>	<p>Processors, traders, importers, marketers and others involved in the seafood industry shall conduct transactions only with those longline vessels whose owners have a policy requiring the implementation of Best Practices for sharks, sea turtles and seabirds.</p> <p>For the purposes of this measure, a large-scale longline vessel is defined as a vessel that is equal to or greater than 20m length overall (LOA).</p>	Large-Scale Longline	<p>Auditor reviews evidence showing that the company conducts transactions only with large-scale longline vessels that have a policy requiring the implementation of the following best practices for sharks, sea turtles, and seabirds:</p> <p>(a) the use of circle hooks and only monofilament line;</p> <p>(b) the use of whole finfish bait;<sup>5</sup></p> <p>(c) the implementation by the crew of best practice handling techniques for sharks,</p>	N/A	<p>Company stated that it does not source from large-scale longline vessels.</p> <p>No large-scale longline vessels were listed on RFMO reports.</p> <p>No large longline vessels were identified in the traceability exercise.</p>	

<sup>5</sup> This section of the measure becomes effective on 31 December 2022.

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
				<p>seabirds and marine turtles, such as those outlined in the ISSF Skippers' Guidebook to Longline Fishing Practices; and</p> <p>(d) No use of "shark lines" at any time.<sup>6</sup></p> <p>Auditor reviews date on which policy was put in effect.</p>			
4.1	Unique Vessel Identifiers – IMO	<p>All purchases must be from vessels with an IMO UVI number, unless ineligible due to IMO requirements or due to other reasons stated by IMO.</p> <p><b>NOTE:</b> The © Maritime &amp; Trade (IHSM&amp;T), which manages IMO identification numbers, has <a href="#">expanded the range of vessels</a> that are potentially eligible to obtain an IMO number to include small-scale vessels of less than 100 GT down to a size limit of 12 meters in length overall (LOA) that are authorized to fish outside waters under national jurisdiction. Vessels that are now eligible to obtain an IMO UVI number under this change must apply for and/or have received an IMO number by December 31, 2017.</p> <p>Vessels that fish only in waters under national jurisdiction, and that provide a national certificate of operation, will be considered compliant under this section.</p>	All	<p>Auditor reviews company system to ensure vessel purchases meet this criterion. A sample of non-PVR purchases will be reviewed to assess whether the company system is adequate to ensure that non-PVR vessels meet this requirement.</p>	Ok	<p>All vessels Company sourced from have valid IMO numbers.</p> <p>All purchases that are part of the traceability exercise are from vessels that have an IMO-UVI number or that are exempted.</p>	

<sup>6</sup> For the purposes of this measure, shark lines are those defined as follows: <http://issfguidebooks.squarespace.com/s/Shark-Lines-Illustration.pdf>

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
4.2	Purse Seine Unique Vessel Identifiers	<p>If IMO requirements do not provide for a particular vessel to receive an IMO UVI for reasons other than vessel size, the vessel shall obtain a TUVI from the Consolidated List of Authorized Vessels (CLAV) CLAV: <a href="http://www.tuna.org.org/GlobalTVR.htm">http://www.tuna.org.org/GlobalTVR.htm</a> or a UVI from ISSF: <a href="http://iss-foundation.org/wpcontent/uploads/downloads/2015/02/UVI-and-IMO-numbering-instructions-2015.pdf">http://iss-foundation.org/wpcontent/uploads/downloads/2015/02/UVI-and-IMO-numbering-instructions-2015.pdf</a>.</p> <p>If IMO requirements do not provide for a vessel to receive an IMO UVI due to vessel size, such vessels do not need to obtain a TUVI from the CLAV or a UVI from ISSF.</p>	All Purse Seine	Auditor reviews company method to ensure that all vessel purchases meet this criterion. A sample of non-PVR purchases will be reviewed to assess whether the company system is adequate to ensure that non-PVR vessels also meet this requirement.	Ok	<p>Company only sources from PS vessels, which are all registered on the PVR and have a valid IMO number.</p> <p>All selected purse seine vessels that are part of the traceability exercise have either an IMO-UVI number or a TUVI issued by CLAV in place.</p>	
4.3(a)	Observer Coverage	Evidence of 100% observer coverage (human or electronic) unless exempt or prevented by force majeure. The data collected by the observer must be made available to the flag state authorities and, if appropriate, to the RFMO, in the format required by the flag state (and RFMO). In case the flag state (or RFMO) does not accept the data, the vessel owner must store data for at least three years from the end of the trip. At a minimum, data to be made available are those fields required by the flag state for vessel logbooks.	Large Purse Seine	Auditor assesses company system for observer coverage of controlled vessels, company data submission to RFMOs and RFMO committee meetings and compliance reports, etc. If RFMO requires 100% observer coverage, no further evidence is required.	Ok	<p>All LSPS vessels company sources from are registered on the PVR with a green check for this CM.</p> <p>All selected large purse seine vessels that are part of the traceability exercise have 100% observer coverage as per PVR records.</p>	
4.4(a)	Transshipments	No transactions in tuna where transportation included transshipment, except when exempt per Conservation Measure 4.4 (b)(i) or	All Purse Seine	Auditor reviews data submission for relevant RFMO, transshipment documents and RFMO compliance committee	Ok	<p>No unauthorized transshipments have been identified.</p> <p>All transshipments by</p>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		Conservation Measure 8.1.		and commission reports to verify that tuna purchased has not undergone unauthorized transshipment.		vessels identified in the traceability exercise are properly listed and reported.	
4.4(c)	Transshipment at Sea – Observer Coverage	<p>Processors, traders, importers, marketers and others involved in the seafood industry shall conduct transactions with longline vessels that conduct transshipments at sea, whether high seas, EEZ, territorial seas or archipelagic waters, only if 100% of such transshipments are observed (either by a human observer on board the longline vessel or onboard the carrier vessel).</p> <p>Note: The WCPFC E-reporting system allows transshipment declarations (TDs) to be filed without the observer’s signature. In such cases, company should obtain a copy of the observer contract, the crew list (signed and dated by the skipper), or some other evidence of 100% observer coverage for the period during which TDs were submitted using the E-reporting system.</p> <p>For the purposes of this measure, a large-scale` longline vessel is defined as a vessel that is equal to or greater than 20m length overall (LOA).</p>	Large-Scale Longline	<p>Auditor assesses participating company system to determine observer coverage on large-scale longline, and/or transshipment, vessels they source from.</p> <p>Company shall maintain record(s) of RFMO transshipment declarations, which must be signed by the observer present during transshipment.</p> <p>If vessel uses the WCPFC E-reporting system for a TD, auditor asks company to provide a copy of the observer contract, the vessel crew list or other evidence for that vessel.</p>	N/A	<p>Company did not report any purchases from large-scale longline vessels.</p> <p>No large longline vessels were identified during the traceability exercise.</p>	
5.1	Illegal, Unreported and Unregulated (IUU) Fishing	No transactions with vessels on any tuna RFMO IUU vessel list.	All	Auditor checks quarterly data sent by the company to the RFMO for the presence of IUU listed vessels.	Ok	No vessels listed in the quarterly RFMO reports were found on the IUU list. <a href="https://iuu-vessels.org">https://iuu-vessels.org</a>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
				The auditor reviews the company purchasing system to prevent IUU fish. This will also be assessed during traceability exercises to verify that products do not originate from IUU vessels and by reviewing compliance committee reports, commission reports, etc.	Ok	Company only sources from its own fleet.  No IUU-listed vessels were identified in the quarterly RFMO reports.  All vessels are listed on the PVR with green check for this CM.  No IUU listed vessels were found during the traceability exercise.	
5.2	Illegal, Unreported and Unregulated (IUU) Product Response	No IUU purchases. If IUU found, company must withdraw these products from the marketplace.	All	Auditor reviews company recall procedure for presence of IUU policy, then reviews company purchases and compares to RFMO IUU lists.	Ok	The company submitted a copy of its recall procedure which outlines steps to take to withdraw products from the marketplace (if IUU is identified in its supply chain).	
				Company initiates market withdrawal of IUU products.	N/A	No IUU product was found in supply chain during audit period, so no market withdrawal had to be initiated.	
6.1	Transaction Ban for Large-Scale Purse-Seine Vessels not Actively Fishing for Tuna as of December 31, 2012	Demonstrate that all purchases from large-scale purse seine vessels are from vessels actively fishing for tuna as of December 31, 2012 and listed on the ISSF Record of Large-Scale Purse Seine Vessels (Record). If a vessel is not listed on the Record, the company shall provide evidence of the vessel attributes in accordance with Conservation Measure 6.2 (a). Any updates to the Record must be made in accordance with 6.2(a).	Large Purse Seine	Auditor reviews a list of company purchases from large-scale purse seine vessels to assess whether the source vessels are listed on the ISSF Record of Large-Scale Purse Seine Vessels.	Ok	All LSPS vessels company sources from are on the ISSF LSPS Record.  All large purse seine vessels that are part of the traceability exercise are listed on the Record of Large-Scale PS vessels.

6.2(e)	Purchases from Purse Seine Vessels in Fleets with Other Vessels not in Compliance with ISSF Conservation Measures 6.1 and 6.2(a)	<p>Processors, traders, importers, transporters, marketers and others involved in the seafood industry shall refrain from transactions in skipjack, bigeye and yellowfin tuna caught by any and all large-scale purse seine vessels owned by business organizations or individuals that also own large-scale purse seine vessels not in compliance with ISSF Conservation Measures 6.1 and 6.2(a).</p> <p>For the purposes of this measure, “owned” means a registered or controlling (majority) interest in the vessels:</p> <p>(1) directly or indirectly (through intermediary entities) by any business organization or its affiliated business organizations, including commonly controlled organizations, or</p> <p>(2) directly or indirectly by any individuals, including individual ownership of any equity or investment interest in whatever form of any business organization operating, managing, controlling or receiving revenues from a vessel. Individuals shall include any natural person and his or her family members (including spouse, domestic partner, child, sibling, parent or grandparent, whether natural, adopted or by marriage).</p>	Large Purse Seine	<p>Vessel representative will be asked to provide a complete list of all owned large-scale purse seine vessels, including IMO numbers.</p> <p>Auditor reviews list of owned vessels and compares it to the PVR record. Auditor may review RFMO records, and other publicly available sources of information, to cross-reference ownership declarations.</p>	Ok	<p>All LSPS vessels listed in the quarterly RFMO reports belong to the same fleet, and all vessels comply with CMs 6.1 and 6,2(a).</p> <p>None of the vessels identified in the traceability exercise belong to a “fleet” with other LSPS vessels not listed on the Record.</p>	
7.1(a)	Registration of Controlled Vessels	Register all controlled purse seine and supply & tender vessels on the PVR.	All Purse Seine	Auditor will obtain list of controlled vessels from company and compare to PVR. Information may also	Ok	Company provided list of all controlled purse seine and supply & tender vessels, all of which are registered on the PVR.	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
				come from industry and media sources.			
7.1(b)	Registration of Controlled Vessels	Register all controlled longline vessels on the PVR.	All Longline	Auditor will obtain list of controlled vessels from company and compare to PVR. Information may also come from industry and media sources.	N/A	Company provided a written statement that it does not control any longline vessels.	
7.2	Threshold Requirement for PVR Listing	Obtain written verification that all supplier purse seine vessels owned by the same business organization meet the requirements of CM 7.2.  For the purposes of this measure, "owned" means a registered or controlling (majority) interest in the vessel(s).	Large Purse Seine	Auditor reviews the efficacy of the verification process used by PCs.  Auditor reviews publicly available information on the ownership of vessels.	Ok	All LSPS vessels listed in the quarterly RFMO reports belong to the same fleet, and all vessels are registered on the PVR.  All purchases LSPS vessels within the traceability exercise seem to come from fleets where all LSPS vessels are registered on the PVR.	
7.3	Purchases from PVR Vessels	For fishing trips beginning on or after January 1, 2016, source 100% of skipjack, yellowfin and bigeye tuna caught by large-scale purse seine vessels from vessels registered in the PVR.	Large Purse Seine	Auditor isolates skipjack, yellowfin and bigeye tuna caught by large-scale purse seiners within the quarterly RFMO data submission and compares trip dates and purchase data to PVR listing dates. Supporting documentation may be requested to verify the accuracy of trip dates.	Ok	All LSPS vessels company sourced from are registered on the PVR.  All vessels, trip details and catch volumes of direct purchases from LSPS that are part the traceability exercise match with PVR listings.	
7.4	Supply and Tender Vessels	1. Processors, traders, importers, transporters, marketers and others involved in the seafood industry, for skipjack, yellowfin and bigeye tuna with controlled supply or tender vessels that	All Purse Seine	Auditor asks participating company for list of supply and tender vessels and checks whether vessels are listed on the PVR.	Ok	Company provided a list of controlled supply and tender vessels. All meet requirements under this CM.	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
		<p>operate with purse seine vessels fishing for skipjack, yellowfin and bigeye tuna, shall:</p> <p>(a) register all such vessels on the ISSF ProActive Vessel Register (PVR) and thereafter maintain such registration indefinitely;</p> <p>(b) ensure all such vessels are listed on the authorized vessel record of any of the RFMO governing the ocean area in which the tuna was caught;</p> <p>(c) ensure all such vessels have an IMO unique vessel identifier; and</p> <p>(d) ensure all such vessels are not listed on the IUU Vessel List of any RFMO.</p> <p>2.For the purposes of this measure, controlled vessels include vessels as defined in ISSF CM 7.1.</p> <p>3.When registering all controlled supply or tender vessels on the PVR, in addition to the vessel attribute data already required as part of the PVR listing application, the vessel owner must provide the vessel names and flags of all the purse seine vessels that the listed supply or tender vessels support, to the maximum extent possible.</p> <p>4.For purposes of this measure, supply and tender vessels are any vessel used, or intended for use, for the purpose of fishing or the transport of fishery products.</p>		<p>Auditor verifies vessel attribute data, IMO number, RFMO registration, ownership, and whether vessel(s) appear on RFMO IUU lists.</p> <p>Auditor reviews list of PS vessels linked to each supply &amp; tender vessel. PS vessel list must include vessel names and flags.</p>		<p>All S&amp;T vessels that appear in traceability exercise meet the CM requirements.</p>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
7.5	Purchases from PVR Vessels	<p>If purchasing albacore, yellowfin and bigeye tuna from longline vessels, processors, traders, importers, transporters, marketers and others involved in the seafood industry shall:</p> <p>Develop and make public by December 31, 2019 a statement of intent to increase purchases from longline vessels registered on the PVR.</p> <p>Publish the percentage of their longline purchases from PVR registered longline vessels by March 31, 2020 or indicate no such purchases made.</p>	Longline	<p>If PC purchases albacore, yellowfin or bigeye tuna from longline vessels, auditor checks for public PC statement of intent to increase purchases from longline vessels registered on the PVR</p> <p>Auditor checks for published PC statement(s) regarding the percentage of tuna sourced from PVR registered longline vessels. Auditor verifies the stated percentage against volumes reported in the quarterly RFMO reports.</p> <p>Or, if no purchases of albacore, yellowfin or bigeye tuna are made from PVR longline vessels, auditor checks for PC statement indicating that no purchase was made from PVR registered longline vessels and cross-checks with quarterly RFMO reports.</p>	N/A	<p>Company provided a statement that it does not source from large-scale longline vessels.</p> <p>No large-scale longline vessels were listed on RFMO reports.</p>	
8.1	Exemption for Very Small Purse Seine Vessels	<p>Very small purse seine vessels are exempted from the following ISSF Conservation Measures:  3.4 Skipper Best Practices  4.4(a) Transshipment</p>	Very Small Purse Seine	<p>The company can demonstrate that the vessel is less than 30 GT by providing fishing licenses, vessel surveys, photos, etc.</p>	N/A	<p>Company stated it did not source directly from any very small PS vessels. No very small purse seine vessels identified in the quarterly RFMO reports or through the traceability exercise.</p>	

CM	Category	Category Guidance	Gear Type	Means of Verification	Grade	Evidence	Corrective Action
9.1	Public Policy on Social and Labor Standards	<p>Processors, traders, importers, transporters, marketers and others involved in the seafood industry shall develop and publish a public social and labor standards policy and/or sourcing policy that applies to it and its supply chain, including production facilities and fishing and supply vessels, that addresses, at a minimum, the following categories:</p> <ul style="list-style-type: none"> <li>a. Forced labor</li> <li>b. Child labor</li> <li>c. Freedom of association</li> <li>d. Wages, benefits, and employment contracts</li> <li>e. Working hours</li> <li>f. Health and safety</li> <li>g. Discrimination, harassment, and abuse</li> <li>h. Grievance mechanisms</li> </ul> <p>For the purposes of this measure a policy is “public” if it is published on the company’s website or is otherwise available to the general public.</p>	All	<p>Auditor determines when public policy(ies) was published, and whether Company has used a format developed by, or signed onto, one of the policies described in the ISSF matrix.</p> <p>Auditor reviews policy(ies) and determines whether it applies to production facilities, supplier vessels, or both.</p> <p>Auditor determines if each public policy contains elements a-f noted under category guidance.</p> <p><i>This measure is effective 1<sup>st</sup> January 2021, onward.</i></p>	Ok	<p>The company has a public policy on social and labor standards, which applies to it and its supply chain, and which is consistent with this CM.</p> <p><a href="https://www.sapmer.com/compliance/">https://www.sapmer.com/compliance/</a></p>
